### PROJECT LOGO DEVELOPMENT

Project logo - A distinctive, original visual identity, including the project's logo, general colour schemes and design elements is created for the project to be used for all templates issued by the project consortium. To initiate external communication activities with the project's branding, the RURALYOUTH logo was designed after the project's kick-off meeting. Various samples were created by students and youths and once finalized. The logo was decided by all partner's votes. The logo that best reflects the project purpose was chosen with the participation of all partners. Our logo is aimed to increase the visibility and recognition of our project.

Visual Design (templates for letters and presentations)

To complete the visual identity of the project, we developed templates for project letterhead and for PowerPoint presentations that could be used for different dissemination activities for e.g. conferences, presentations, and seminars.
